## What is the Strategic Planning Process?

The Strategic Planning Process is a way for our school district and our community to come together to plan for the future education for our community's children. The outcome of the process will be a set of objectives, and the plans to achieve those objectives to provide our community's children with the best education possible.

## Who should participate in the Strategic Planning Process?

We encourage all Bayfield community members to consider participating in the strategic planning process. We would like the diversity of our community to be represented throughout the process.

## What kind of time commitment will be required?

Participation will require 2 full Saturdays in January and February, and a few short meetings throughout March and April.

## How Can You Help?

Please attend one of the "Community Informational Meetings" on December 17th or January 9th to learn more about how you can help. See the other side for meeting dates and times.

## How can You find out more about the Strategic Planning Process?

Visit <http://www.bayfield.k12.co.us/bayfield-strategic-plan/>

Attend the Community Informational Meetings on December 17th or January 9th.
